Renewable Energy Training Courses

Andrew Reid BSc(Hons) DipEd was Course Coordinator in Renewable Energy at Swinburne University of Technology (TAFE Division) where he the driving force behind the extremely popular Introduction to Renewable Energy Course.

Andrew now leads practically-focused hands-on how-to training courses at his renewable energy demonstration site at Poverty Peak Cottage, one hours drive west of Melbourne.

Courses are run over a full day in a relaxed instructor-led small-group environment with a maximum of 6 students.

Visit www.povertypeakcottage.com/sustainability for more details about course content and bookings.

Or contact Andrew directly, for more information:
